Mr. Gibson asked what could be done if eaker Cardwell stated that when he

the House wished to proceed to business and its Speaker was not present.

Mr. Caldwell: The House can take charge of itself at any moment, but it is hardly right to take possession after only waiting one or two minutes for its Speaker.

HOUSE BILLS PASSED.

The following bills were passed:
To incorporate the Portsmouth Electric

Mr. Gibson offered two petitions. One in relation to the hunting of deer in the county of Culpeper, and was signed by a large number of citizens. The petition asked that the deer be hunted from the first of September to

the first of February, and no other time.

The other petition was in reference to the working of the roads in Culpeper county.

Mr. Williams nominated for the county dgeship of Gloucester General William B. aliaferro. Senator Stubbs informed the House that

the Senate had the same name in nomination General Taliaferro was then elected by the House as judge of Gloucester. BILLS OFFERED.

The following bills were offered and referred to the proper committees:

By Mr. Stratton: A bill for the relief of William A. Mountcastle. Richmond, Va.

By Mr. Saunders: A bill to empower the trustees of the district school boards of Union Hall school district, Franklin county, to use any surplus of the county public school funds belonging to said district for the purpose of purchasing and erecting buildings for school purposes or discharging any indebted. chool purposes or discharging any indebted-ess of the said district.

At 1 o'clock the House found itself with nothing to do but to wait for the Apportionment bill from the Senate. The chair was immediately "vacated" until half-past 1 o'clock. At half-past 1 o'clock the House was again called to order by Speaker Cardwell.

The Senate not having finished its discussion of the Apportionment bill, the House, on motion of Mr. B. O. James, of Goochland, took a recess until 3 o'clock.

AFFEENOON IN THE HOUSE. The House reassembled at 3 o'clock and Senator Jones reported to the House the substitute bill, which had been passed by the Senate in reference to the resuportionment

As soon as the bill had been reported it was ordered to its first and second reading, and a motion was then made that it be put on the calendar, which was carried.

A moment later Mr. Witherow made a motion that the later was a motion to the calendar and the later was a motion to the calendar and the later was a motion to the la

tion that the speeches be limited to five minutes. He was of the opinion that if the talks were not limited the House would stay in session several days and adjourn on the 5th day of December with no business ac-

Mr. Saunders said that if the members of the House were stifled in their speeches that the result of expedition would be found to be hurtfully reversed—that in his experience as a legislator he had never seen the free liberty f speech interrupted or hampered, but that results not anticipated were sure to follow.

Mr. James was also of the opinion that the

beeches should not be limited.

The vote was taken and the House refused to limit the length of time to be occupied by

The bill was then read, despite the protests of many who were familiar with the provisions of the measure.

THE ORIGINAL BILL.

Mr. James, as soon as the bill had been read, offered as a substitute the bill passed by the House and agreed to in the caucus. It was the original bill without any of the which Senator Tyler amendments.

Mr. James then said he desired to call the

members' attention to the fact that he was members attention to the fact that he was not there to criticise any member of any district, but that he desired to say that a few nights ago the substitute had been adopted by the caucus. "If you wish to have a caucus." he said, "stick to the action of your caucus." "I call your attention to one particular fact—it is for the benefit of Fluvanna, Buckingham

Mr. Gibson: Is there any more danger for the Senate to refuse an amended House bill or for the House to refuse an amended Senate hill: Won't the Democratic cause be imperiled just as much one way as the other?"

Mr. Cardwell (Mr. Ryan in the chair) gave a history of the bill, and said the Senate bill was in disguise; that it was the same bill as had been sent to the House on Monday, only in another dress. We are entitled to as much consideration. We say that this whole fight is the result of the grievance of one Senator. I say the Senate has no right to send to the House a bill and say that by all ye gods you have got to pass it as we send it to you.

The cancus rule has been broken. Thank God the House of Delegates did not break it. We say that we have got sense enough to see through the tricks of the Senate.

The bill from the Senate is the extraction from a close corporation, and represents the following vein:

Mr. Withrow called the pending question, and the first vote was taken on Mr. Bland's amendment, which was voted down. The next vote was upon Mr. Gibson's amendment, which reads as follows:

"Strike out Appointatox from the District of Appointation, Euckingham and Cumberland and makeja district of Appointation and Campbell, giving it one delegate. This will leave Campbell with one delegate and Lynchburg, one delegate, and well leave to burg one delegate, and will leave Gooch-land and Fluvanna in one district with one

Mr. Cardwell then offered an amendment that King William and Hanover have one elegate, which was adopted. Mr. Cardwell then offered "consequential"

amendments, which were in reality changes that would have to be made in the substitute to make it correspond with the Senate bill, except that portion of the substitute which had been changed by his and Mr. Gibson's

These "consequential" amendments, as a matter of course, were adopted.

The clerk was then given the bill, and he retired to his office to engross it. The chair was vacated for fifteen minutes. At half-past 5 o'clock the clerk, Mr. A. A

There was a significant smile about the features of Senator Jones, and the dry way in which he told his mission was a signal for laughter from the entire House.

Senator Sands then informed the House that the upper body had agreed to the joint resolution which provides that the two branches of the General Assembly have a recess from to-day until the 5th of January.

The Apportionment bill, as adopted by the caucus, has been passed by the General Assembly with the following changes: Buckingham and Cumberland shall have one delegate; Campbell and Appomentator, one: Lynchgate; Campbell and Appomattox, one: Lynch-burg, one; Campbell, one: Elizabeth City and Accomac, one; King William and Hanover, one: Page and Rappahannock, one; New Kent, James City, Charles City, Warwick, York and city of Williamsburg, one.

A PRETTY WEDDING.

Miss Sara M. Straus Married to Mr. Joseph M. Rosenbaum at the Synagogue.

Miss Sara M. Straus and Mr. Joseph M. Rosenbaum were married last evening in the Beth Ahaba synagogue.

The altar of the temple was beautifully decorated with ferns, palms and chrysanthemums, and the soft glow of many candles blended their brightness with the pretty scene. In the synagogue were gathered the beauty and fashionable people of Richmond's Hebrew society, and the scene presented was a brilliant and happy one. The greater number of those in attendance were in evening costume, and with expectant faces they awaited the arrival of the bridal party while Mr. Jacob Reinhardt rendered upon the organ

The Second Meeting of the Society in the House of Delegates.

A PAPER BY MISS ANNIE TUCKER TYLER.

Richmond's First Academy-The Old Brick Church-Early Agriculture in Virginia. The Election of New Officers.

The second of the general meetings of the Virginia Historical Society was held in the hall of the House of Delegates last evening, and the audience present was larger than that of the evening previous and included a number of authors, writers and historians.

The meeting was called to order by Hon. William Wirt Henry, who, without remarks, introduced Hon, R. T. Barton, of Winchester. This gentleman took as his subject "The First Election of Washington to the House of Burgesses." The commencement of this paper was devoted to an interesting outline in the early history of the valley around about Winchester and the county of Fred-erick.

His description of the elections in which Washington was a candidate were graphically described, and showed that the conduct of described, and showed that the conduct of, elections in those days were dependent on equally as peculiar conditions as they are at this period, and that the Father of Our Country suffered defeat at the hands of his opponents through the influence of a whisky dealer in one campaign at least before he gained his first seat in the House of Burpersea.

Mr. Parton's paper carried through its array of well arranged facts a delicate vein of humor which was responded to with many

sympathetic smiles.

THE OLD BRICK CRUECH. Mr. Barton was followed by R. S. Thomas on "The Old Brick Church at Smithfield, Va." The writer maintained that this was Va." The writer maintained that this was the oldest Protestant church building in America by half a century and was much older than that at Jamestown, having been erected in 1622. This he undertook to prove by three different methods, first by tradition, second by lately existing records, and lastly by the bricks and mortar of the building itself. Each count was clearly set forth and thereaughly sustained.

thoroughly sustained.

Mr. Thomas, in proof of the last assertion, produced a material fact in the shape of a brick taken from the walls of the building bearing the date 1632. His paper was well written, well read, conclusive and exhaustive.

RICHMOND'S FIRST ACADEMY. The next paper was by Mr. Richard H. Gaines, who took as his subject, 'Richmond's First Academy projected by M. Quesney de Beaurepaire." This paper exhibited consider-able research and set forth in engaging form a number of facts or local as well as historical

AGRICULTURE IN VIRGINIA. Mr. Gaines 'was followed by Mr. Philip A. Bruce, who selected as his subject "Agriculture in Virginia during the first Twenty Years

of the Colonies."

This agricultural address was unlike all others in that, although it offers no improved methods of cropping, it was full of freshness and novelties. Outside of the many entertaining points brought out by Mr. Bruce, which were listened to with great interest, his paper demonstrated that many of the methods to which we are now indebted for our great agricultural supremacy had their birth at this time and have really undergone few changes. of the Colonies.'

birth at this time and have really undergone few changes.

The next paper was by Mr. Frank P. Brent, and treated of some unpublished facts relating to Bacon's rebellion in Accomac county, Va., and in the absence of the writer was read by Mr. J. Taylor Stratton.

Mr. Brent showed from the records of Accomac that the people of the Eastern Shore were entirely loyal and that they were more sinned against than sinning during this trying time. They not only jurnisded supplies to Sir William Berkley, the loyal Governor of Virginia, but assisted on land and water in putting down the rebellion, Numerous documentary evidences were drawn upon to prove the loyalty and staunch position these old Virginians maintained during a time that tried men's souls. Among the names of the actors of that time referred to was that of John Wise, of whom Governor Henry A. Wise was a direct descendant.

The last paper of the evening was read by a lady. Mrs. Annie Tucker Tyler, on "Thomas Hansford, the first American Martyr of Liberty." It was beautifully written and presented so sweetly as to add much to its real historical and literary merit. Her paper was received in a very complimentary manner and was highly enjoyed.

NEW OFFICERS.

At the close of the reading of the last paper the Chair converted the meeting into a business session and appointed a committee to nominate the officers and an executive committee. The following were reported by the committee and unanimously elected President, William Wirt Henry, Vice-Presidents, J. L. M. Curry, Archer Anderson and W. P. Palmer, Corresponding Secretary and Librarian, R. A. Brock; Recording Secretary, George A. Barksdale; Treasurer, Robert T. Brooke; executive committee, David Richardson, Charles Gorham Bainey, Joseph Bryan, Edward Virginius Valentine, John Ott, William A. Maury, Orin L. Cottrell, Thomas Nelson Page, Lyon G. Tyler, Bennett W. Green, R. M. Hughes and J. Alston Cabell.

J. Alston Cabell.

Mr. Lyon C. Tyler offered a resolution approving the bill now pending in the Legislature for the appropriation of \$5,000 for the copying of the county records previous to 1790 and recommending its passage by the General Assembly, which was unanimously Alston Cabell.

Following the discussion of several matters pertaining to the finances of the Association the meeting adjourned.
